On site RV camping is available. no hook ups. We would like to know if you are camping because one club member on site will need a copy of the gate key.

There are several hotels in the area. These are the two I know to have had positive feedback:

The Sleep Inn is in Hamburg Pavilion. A new and large shopping area in Lexington and is surrounded by restaurants and shops. There is also has a large movie theater nearby. You can have pets for an extra fee. Probably the best hotel if you want to bring your family. The Hamburg Pavilion does have some of the worst traffic planning I've seen.

There is also a Holiday Inn Express and several other hotels on Elkhorn Rd. It is at the closest exit to I64. I would recommend the Holiday Inn Express of the hotels on that exit. There are not many restaurants at that exit.

Holiday Inn Express
