

Release of Liability

Membership in the Lexington Model Airplane Club (LMAC) provides the benefit of remote control model aircraft pilot training, model aircraft flight testing and the use of the LMAC airfield at no additional cost.

I, the undersigned, understand it is the responsibility of the member / model aircraft owner to:

1. Properly prepare and fly their model aircraft with the highest consideration for safe flight operations.
2. Follow AMA safety rules and regulations, LMAC airfield safety procedures and LFUCG rules.

I understand that my model aircraft has significant risk for breakage, loss of control and crashes due to:

1. Mechanical systems failure (i.e., engine failure, servo failure, flight surface adjustment, C.G. balance, etc.)
2. Electrical systems failure (i.e., improper battery charge, wiring failure, transmitter or receiver failure, etc.)
3. Atmospheric effects (i.e., cross winds, wind gusts, turbulence, poor visibility, etc.)
4. Unusual Flight Attitudes (i.e., steep banks, stalls, etc.)
5. Human Error (i.e., visual disorientation of aircraft attitude, eye-hand coordination errors, etc.)

I acknowledge and fully understand that engaging in model aircraft flying activities potentially involve the risk of personal injury to me and others, damage to the property of others and damage to my model aircraft equipment. Therefore, following safety procedures is of the up most importance.

During my flight training process, the LMAC instructors will need to take control of my aircraft. They will use their experience and knowledge to operate my aircraft to the best of their ability. However, I understand that there are still risks of situations to arise that could result in the unavoidable damage to my model aircraft equipment.

I do hereby release the LMAC instructors from any liability for the loss or damage to my model aircraft equipment.

I, the undersigned, hereby understand and accept the above "Release of Liability" effective from the date of the signature.

Model Aircraft Owner's Signature : _____ Date: _____

Clearly Print Name : _____

LMAC Instructor's Signature: _____ Date: _____
