

PLANE TALK

February 2006

Newsletter of the Lexington Model Airplane Club

The President's Thoughts

by Charles Brooks

Greetings fellow club members. This is defiantly the season for building, as I write this article I can't help looking out the window and look forward to better flying days. For those that missed the January meeting, it was short and very productive. This is one of my goals for the year is to keep the meeting moving, get our business done then we can set back and BS a little. As most know by now, Sam's trailer was stolen from his home. Some of the items have been located but the trailer is still missing. It is a white Haulmark 6 X 12 with drop tail gate. LMAC at the boat and RV Show, at the last meeting I reported that we would not be in the show this year. Lew McFarland gave me a call and opened a door for LMAC. Lew has a booth at the show and has put the invitation out for us to have a couple of members there to tell people who we are and what we do. So a big thanks to Lew. I'll give a report at the meeting. I'm still looking for some event date confirmations from some of the CD'S. We need to get this info in so the event calendar can be published for the year.

What's up for the February meeting?

Keith Hollifield will do a presentation on Li-pol
More info on the KY Club picnic
Talk about Scout World

Until next time blue skies ahead
Charles "Cub Man" Brooks

Presentation for the month

Keith Hollifield will do a presentation this month on Lithium Polymer batteries and the proper care and use.

2006 EVENT CALENDAR

LMAC Minutes

By Bruce Hall

LMAC Minutes for 1/12/06

President Charles Brooks called the meeting to order at 6:45PM with 34 members present.

Motion to approve the minutes from November was made by Bob Stewart & 2nd by Joe Woods. Motion carried.

Motion to approve December Treasurer's report was made by Al Schroeder & 2nd by Buzz

Chris Harris, interested in helicopters, was welcomed as a visitor.

Plane of the Month: Charles Brooks won with a Pica Tiger Moth. It weighs in at 9.2oz and uses a 1200 mah Lipo pack.

The Door Prize was won by John Royalty and Steve Rector won the ½ & ½.

Old Business

- Curtis talked about the Cardinal Hill presentation. We will present them a check during their annual telethon. They would like for us to do some type of flying demo at their facility for the patients before the telethon. If you are interested in participating, please contact Curtis Adams for information

- The New Years day fly-in/get-together had a good turnout and everyone had a great time. Thanks to Bill Saunooke for cooking.

New Business:

- Jim Jackson asked to get 2 additional estimates for mowing the field. Motion to accept by Buzz & 2nd by Peter Adanick. Motion carried
- The club will pass on the boat show this year as their representative did not get back with us about details.
- Charles Brooks presented a Budget for 2006. Motion to approve by Dan Thompson & 2nd by Buzz. Motion carried
- Lew McFarland proposed a 2-day jet event. Plans will be made and a date set. Motion to approve was made by Jim Jackson & 2nd by Jim Kayse. Motion carried
- A motion was made to amend budget to include jet event by Dan Thompson & 2nd by Buzz. Motion carried.
- A club picnic with invitations sent to area clubs was discussed. Charles will check with those clubs and a date will be set.

Meeting was adjourned at 7:40

For Sale

G & L Hobbies Chipmunk with 2.10 Moki. Fiberglass Fuse, Foam core wings sheeted with balsa. 86 inch wingspan. It has flaps. It is painted with automotive paint. It flies great. I will sell the plane ready to fly for \$825.00 or I will consider a trade.

I will also separate if needed. Plane only no equipment. \$500.00, Moki engine with Bisson muffler \$200.00. 8 servos all Hitec, 2 - HS77BB low profile servos, 2 - HS425BB, 3 - HS605BB and one Throttle servo \$15.00 a piece. One 8 channel dual conversion Airtronics PCM receiver - \$75.00

This plane has Kirby's Kustom Vinyl Graphics on it. Painted Checkers on the rudder, painted wing and fuse. All done in Dupont automotive paint. The paint and Graphics alone would cost \$200 - \$300. It has a pull / pull setup on the rudder with a 605 driving it, carbon fiber push rods on the elevators with 2 - 605's driving them.

LMAC RC FLIGHT TRAINING

The Lexington Model Airplane Club maintains a flight-training program for club members. You must be a member of LMAC to go through the training program. Flight training starts in the spring with the time change and runs through the fall time change. Please contact an instructor to setup a time for training.

The training program starts out with an orientation about our field. We will train you on proper field entry, frequency control, courtesy, and safe operations of our flying site. You will be informed on how to do a preflight inspection of your plane and basic engine operations. We recommend at least 1 hour of flying on the flight simulator before flying a new airplane. The instructor will test fly you plane for the first time before the flight training starts. Basic flight training includes straight & level flight, left right turning boxes, reverse figure eight's, climb & descent, approach, go around, take off and landing. After you have solo flight you are off to the wild blue wonder.

If you do not have access to flight simulator please contact

Lew McFarland, X-Cell Models Ph-859-373-0004,
 Hobby Warehouse Ph-859-986-0020
 Speeder's Model Shop Ph-502 695-3326 Toll Free 1-877-473-3300
 or Jim Jackson, Ph-859-806-8075. We will give you time on the flight simulator.

Please contact the following members for more information on training.

Thought for the day

Never be afraid to try something new!
Remember, amateurs built the Ark; professionals built the Titanic.

Editor's Note

By John Royalty

Wow, where does time go! Here it is February 2006 and spring just around the corner. The famous groundhog saw his shadow today and according to the legend we have six more weeks of winter. We all know that mother nature will do as she wants. I know for myself I need these 6 weeks of winter to finish up on things that I have been working on this winter. I have been making repairs to the planes that I fly, and have a couple new ones in the works for this spring. I am so looking forward to spring arriving and the winter days going bye, bye. I would like to ask all the members to consider submitting an article for the newsletter, I am always needing things to publish in the newsletter and would be grateful in receiving something from you guys out in the club. We have a wealth of knowledge in our club and it would be great if some of those folks could put together an article to help those of us that are new in the hobby. Well, I guess till next month stay warm and stay safe. And keep the number of take offs the same as the number of landings.

Oh, by the way answers to crossword will be in next month newsletter
