

The President's Corner

by Mickey Breunig, President - LMAC

This month has gone by very quickly for January. A few days in January were nice enough for some to be able to get in a flight or two. In order for the winter months to go by a little quicker, we had a nice impromptu gathering on Saturday at Coyote Hobbies.

The gathering at Coyotes was originally thought of to give some, that aren't able to come to the meetings, an opportunity to stop in and pay dues and or exchange their gate key. At the last minute, it was decided to make it a winter gathering. It was a nice turnout and I was able to meet several people that I had never met at the field. From the turnout, it will be something we will consider doing on a yearly basis.

The next meeting will be Thursday, February 9th at the Morning Point Senior Care Center on 150 Shoreside Drive at 7 pm. Maybe we will get to see some planes from winter builds for the Coyote Hobbies Model of the month. See you there !!

Mickey Breunig
President - Lexington Model Airplane Club

Minutes of January 12th, 2016 Club Meeting

by Bob Cooper

The club meeting was held on January 12th, 2016 at Morning Pointe Senior Center, 150 Shoreside Dr, Lexington, KY.

Mickey Breunig called the meeting to order at 7:02pm Jan 12, 2017

Minutes of the last meeting was provided in the newsletter. Motion was made by Mickey Breunig to approve the minutes, seconded by Gayle Yarnell and approved by membership vote.

Treasurer's Report was provided in the newsletter. Motion was made by Bob Stewart to approve the report, seconded by Gary Hyde and approved by membership vote.

Safety Report was provided by Mike Lambert.

Old Business

New Years' Day Numb Thumb Fly event report was presented by Mickey Breuning

LMAC has been identified as a Cardinal Hill Partner as reported by Curtis Adams.

2017 Fall Classic Fly-in committee held its first meeting on January 7th. A report on the first meeting was presented by Curtis Adams. Objectives for 2017 event is to build attendance of pilots and spectators, create website for event, increase communications to pilots and public, spread out event responsibilities among club members, obtain prizes with help of PJ Ash, solicit club members to fly in noontime show on Sunday, and build raffle plane early in season. Event will be Sept 14, 15, 16, 17 with open flying on Sept 14 and 17. Additional committee meetings will be held monthly at Coyote Hobbies.

Airfield lock change-over plan was reviewed. New 2017 lock has been installed on the airfield gate. Old lock will be removed by April 1, 2017. Treasurer will provide new keys to renewing club members when their old 2016 keys are turned in.

Displaying AMA cards at the airfield was discussed. Treasurer is sending the badge holder with the membership renewal sticker. A box of clips to attach badge holder to shirt will be in the first aid box. At the February club meeting, we need to decided how to approach, communicate and encourage all club members to wear/display their AMA cards at the airfield.

(Continued on next page)

(Continued from previous page)

New Business

Guest Pilots: A guest flyer must have AMA card. Per the Bylaws, any club member may host a guest at the flying field three (3) times per year. A person living within a 50 mile radius can fly as a hosted guest three (3) times in their life time. Sanctioned flying meets are excluded. At next meeting, a ruling on exceptions is needed for guest pilots flying at the club airfield.

Club meeting date and location change options were presented by Gayle Moore. At the next meeting, members should be prepared to discuss having every other club meeting on the first Saturday of the month starting on May 6, 2017. These Saturday club meetings at the airfield should include a noontime cook-out. The last Morning Pointe club meeting will be April 13, 2017.

IRS Non-Profit Conflict of Interest Form for 2017 was signed by club officers and to be included with club tax records.

Club-owned website and email system information was given to club president and a few others by Bob Cooper, webmaster for backup purposes.

2017 calendar of events schedule was discussed. KY Vintage Fly-in event: May 25-26; Club Picnic event: July 22; Fall Classic event: Sept 14, 15, 16, 17; CKFF Charity Float Fly event: May 27; CKFF Brown Bag Float Fly event: Sept 2. High-Wing Trainer Competition: TBD by JP Ash.

Budget for 2017: The club budget to be finalized and approved by the end of the February meeting. Review 2017 schedule to complete IRS Tax Return preparation and other State, Federal, AMA documents at next club meeting.

Announcements & Presentations

3-D Printed Airplane demonstration was presented by Dan Thompson. Dan used his 3-D printer to make plastic wings and fuselage parts for an Spitfire model with 38 inch wing span from a \$20. 3-D database purchased from 3DLabPrint.com

(<https://3dlabprint.com/shop/spitfire-mk-xvi-s3d-cura-ready/>).

Several airplanes are posted for sale on the club website and newsletter.

Motion to adjourn club meeting at 8:07pm was made by Bob Cooper, seconded by Gayle Moore and approved by vote.

The next meeting will be at 7:00 pm, Thursday, February 9th, 2017 at Morning Pointe Senior Center, 150 Shoreside Dr, Lexington, KY.

Treasurer's Report

by Carroll Ware, Treasurer

Reminder, its time to renew your club membership for 2017 by sending application to Club Treasurer, Carroll Ware. Turn in your old airfield gate key. For dues information and forms, click on this link

Airfield Gate Lock

by Carroll Ware, Club Treasurer

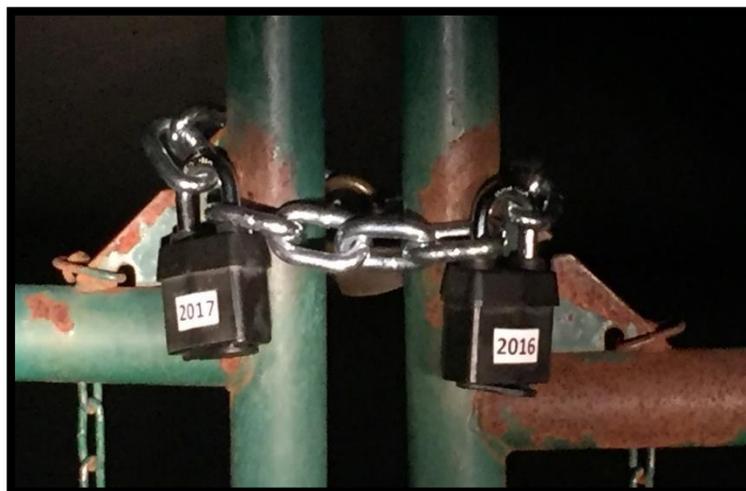

We have installed a new chain with shortened links on the air field gate to control where the locks can be placed.

The airfield gate lock has been an ongoing problem in which one or more locks are being bypassed which locks out a number of people. Any one of three locks must be able to open the gate. Hopefully, these shortened chain segments will prevent confusion.

Notice, the two locks labeled "2016" and "2017". As of Jan 1, 2017, everyone needs to renew club membership and turn in last year's key to get a 2017 gate key. The 2016 lock will be removed on April 1, 2017. Flying in 2017 is not permitted, if club membership and/ AMA membership has expired.

Any one of three locks must be able to open the gate

The 2016 lock will be removed on April 1, 2017.

New LMAC Clip-on AMA Card Holder

by Carroll Ware, Club Treasurer

**Renew your
LMAC
membership
Now**

**Wear your
AMA Card
at
Airfield**

Something new for 2017, the club has voted to provide an AMA Card holder to be worn on your person at airfield. Displaying your AMA card will help everyone to get to know you, as well as help ensure that only current members are utilizing the airfield per LFUCG and LMAC requirements.

When dues are paid, you will receive the AMA card holder with your 2017 club membership sticker. Affix club sticker to AMA card. Insert your AMA card in the badge holder and clip it on your shirt, etc. Pickup a shirt clip for your AMA card holder in the first aid box at the airfield shelter. You are welcome to use your own method of displaying your AMA card as long as your name, club sticker and AMA expiration date are visible on your person while at the airfield.

The airfield gate will remain open if members are present. When last person leaves – lock the gate. If you have the old 2016 airfield gate key, you will need to return it to me. I will exchange it for the 2017 gate key. If you did not have a key and want one, then send a \$5.00 refundable deposit to me and I will send you a 2017 key. Your old key and/or money can be given to me at a club meeting or at the airfield. The old airfield lock to be removed April 1, 2017.

Remember, it is time to renew your club membership for 2017. Obtain your 2017 membership renewal form on the LMAC website ([click here](#)), fill out the form, attach a check, old key and mail to me. I will mail you a new key if requested and club sticker.

Feel free to email or call me, if you have any questions.
Fly safe and have fun!

LMAC Treasurer

Blast from the Past

by David Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some, it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement for Microtrol 4 channel proportional radio from the August 1966 issue of Radio Control Modeler (RCM). The picture below the ad is from a recent eBay auction, which sold the system for \$635.00. The open gimbal was common for high-end radios back in the 60's.

Microtrol
 → 4 CHANNEL PROPORTIONAL

Experimenting is expensive. Broken planes, smashed engines, lost equipment. It all adds up to money. Our 4 Channel Proportional System adds up to flying time. Lots of it. A powerful transmitter and sensitive receiver assure you of this. And the small, light weight receiver means you don't need a B-29 to get off the ground. If you are planning on a lot of flying, you'll need our system. Not everybody will want Microtrol 4 Channel Proportional. There will always be a few who want to experiment with B-29's.

Microtrol Co.
 P. O. BOX 128 ROSELAND, FLORIDA
