

## *The President's Thoughts*

*By Mickey Breunig, President*

2020 is almost over and thank goodness it is. One thing I have learned from this year is that we must always be adaptable with our plans. On New Years Day we not only are planning on having the Numb Thumbs Fly-In, but we will also be having the combination of our December and January meetings.

We will have our typical Numb Thumbs Fly-In with all the flying your frozen fingers can handle. That may not sound that great, but when you couple that with a hot pot of chili, freshly grilled hot dogs, and several other warped minded pilots and its the makings for a fun time.

We will take advantage of the outdoors get together and have a combined December/January meeting. There are always some things that come up in the winter that need to be taken care of and I can't imagine that this year is any different in that respect.

Here's hoping the weather is nice. Hope to see you New Years Day.

***Chili and Hot Dogs being served***  
***Visitors are Welcome !!***

# Blast from the Past

By David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the December 1931 issue of Model Airplane News for the Moskito Flyer Company's line of Moskito Free Flight airplanes. I like the sentence in the Moskito Twin Pusher's description: "Model builders will find this kit full of Christmas cheer". Hope that Santa brings you lots of RC stuff. Merry Christmas!

MODEL AIRPLANE NEWS 3

## Amazing Christmas Values

*Write for Price List of Supplies.*

ORDERS FILLED IN 48 HOURS (SERVICE DE LUXE) BECOME A SATISFIED CUSTOMER

A Moskito Flyer Layout Sheet for Cost of Postage, 6 cents

<p><b>MOSKITO BABY R. O. G.</b> 35c Postpaid</p> <p>This model will please the youngest aviators. Make his Christmas joys complete with a Moskito Baby Airplane. The model pictured at right has flown five minutes at many indoor air meets.</p>		<p><b>MOSKITO FLYER</b> 65c Postpaid</p> <p>This model has won many contests. It is the type of indoor stick model necessary for the Model Builder before taking up the more advanced model building. It is the big brother of the Baby R. O. G. pictured at left.</p>
	<p><b>MOSKITO CABIN TRANSPORT</b> \$2.25 Postpaid</p> <p>A wonderful performer. Kit is packed in a beautiful Xmas package. Will fly 600 to 1000 ft. outdoors. Has 36" wing spread. Make sure this model is one of the gifts to your boy.</p>
