

The President's Thoughts

By Mickey Breunig, President

It was good to see so many people made it to the Numb-Thumbs despite the forecast. There was some flying that went on but most of the activity was eating and chatting. It's good to have such an event for everyone to get together outside the flying season.

We sent out a survey about meeting days. There was overwhelming preference for Saturday meetings. Our next meeting is Saturday, January 15 at 10:30 am. It will be at Buds Gun Shop in the upstairs meeting room.

I hope to see everyone there.

Michael Breunig

I. Meeting Adjourned

- a) Meeting Mickey called for the meeting to adjourn, second by John R
- b) Voted and approved by the members present
- c) Time: 8:28 p.m.

Blast from the Past

By David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the February 1966 issue of Radio Control Modeler for Broadfield Air-Models's Uni-Win-A-Jig. It's a wing/stab jig that can span up to 72 inches. Personally, I have never tried the many wing jigs produced over the years and prefer the good'ol balsa work board with T-pins.

WHAT DO YOU NEED --- ?

A WORK-BOARD WITH PINS & NEEDLES
or A RELIABLE, AUTHENTIC TYPE WING-JIG?

The **BROADFIELD "UNI-WING-A-JIG"** was DESIGNED to meet YOUR REQUIREMENTS for a FASTER, MORE EXACT METHOD OF BUILDING; IT'S THE UTMOST in wing jig BUILDING-SYSTEMS.

• **UNI-JIG sets up IN MINUTES.** • it's **COMPLETELY ADJUSTABLE**; it **BUILDS** all leading R/C wings and stabilizers. • **MORE THAN 100 UNIQUELY DESIGNED JIG-PARTS** (slot-lock) to **SECURELY ALIGN** (L/T edges) with **RIBS**; **RIB-HOLDERS** set in **ALUMINUM CHANNELS** in **ANY** desired **SPACING**.

• **CAPACITY:** • 72" SPAN • 12" CHORD - plus **HINGED** for **ANY** degree **DIHEDRAL**. **SETS UP** for **TAPERED** or **CONSTANT-CHORD** wings. It's been tried and tested by many well-known radio-control modelers.

• **DUPLICATION** of **SPARE WING** or **STAB.** in any **SET-UP** is **PAST** and **ACCURATE**.

• **JIG-COMPONENTS** **PRECISION** (SAW-CUT) to **SIZE**; birch plywood (L/T edge) supporters; bass-wood drilled & notched cross-members, **1/4-3/8" L. aluminum channels**.

* **ASK YOUR DEALER or ORDER DIRECT** *

→ **UNI-WING-A-JIG (UW72)** with extra stab. parts - **\$21.95**
BROADFIELD AIR-MODELS **ASHLAND, MASS. 01721 U.S.A.**

EZ Set up in - A

BROADFIELD UNI-WING-A-JIG

FEATURES:
 • Adjustable
 • Rib-spacing
 • Chord to 12"
 • Span to 72"

"Wouldn't you rather have a 'Uni-Jig'?"
UNI-WING-A-JIG \$21.95

Next Meeting December 9, 7:00pm

Next LMAC Club Meeting:
Saturday, January 15, at 10:30 AM

Meeting Location:
Buds Gun Shop
1105 Industry Road
Lexington, KY 40517

Visitors are Welcome !!

Numb Thumbs Fly In January 1, 2022

Well with 2021 in the rear view mirror. And if the 2022 Numb Thumbs event is any indication of the next year will be, well it might be a busy one. The weather was predicted as being rainy. Which didn't keep folks from coming out to the field. There were about 20 people that showed up and fill their bellies with some warm chili and sherbet. Several flights were made so early in the day but as the day progressed the storms returned and everyone headed home. Thanks to Mickey for the great chili and Jim Jackson for bring out the sherbet.

What Numbs Thumbs could have been! This is what the field looked like 6 days later. Thanks Dave Price for the pics.

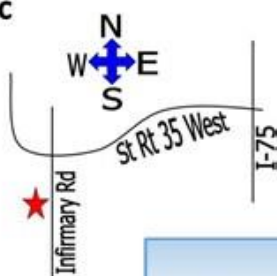

DAYTON MODEL RAMA

2022

One Of The Country's **Largest** Model Swap Meet & Auction - Manufacturer and Distributor Expo -

Two Buildings - Over 42,000 Square Feet
350 Tables Sold In 2021
