

## ***The President's Corner - Rinse & Repeat***

*by Mickey Breunig, President -LMAC*

### **Repeat of Article published in June Newsletter.**

I hope everyone's summer has gotten off to a good start. The weather as typical has been wet or windy so far but I look forward to that clearing up in the next week or so and giving us the nice weather we deserve.

If you are interested in being approved to retrieve airplanes in the landfill, we are about to finalize the list. Anyone wishing to be included will need to attend a class at the landfill. This is the last chance to add your name to the list.

Our next meeting is Saturday at 11 am at the LMAC field. We will have hamburgers and hot dogs after the meeting and of course flying before and after the meeting. It's always a good time.

Hope to see everyone there.

Michael Breunig

## ***Minutes of June 15, 2019 Meeting***

***By Jim Newberry, Secretary***

The monthly meeting of the Lexington Model Airplane Club (LMAC) was called to order on June 15 2019 by club president Mickey Breunig at 11:07 a.m.

The minutes of the May meeting were approved with Dan Thompson making the motion to approve and Mickey Breunig seconding.

Carroll Ware reported that we have \$622.06 in the education fund, \$11,792.06 in the general fund. Carroll is going to move \$1,250.00 to the field maintenance accrual account. Mickey Breunig made a motion to approve and Curtis Adams seconded.

Jeff Cummings is currently teaching 4 students..

Dan Thompson reported that the Vintage fly in was a success. 8 out of town people attended. Dan does not have a final report as of yet. Waiting on \$200 from VRCS.

There will be a group of people trained to retrieve downed airplane from the city landfill. This training will be prior to the next club meeting on Saturday, July 13. Dave Price is coordinating.

The annual club family picnic is scheduled for July 20. The club will be furnishing the meat. Please bring a dish to share. Carroll Ware volunteered to coordinate and Terry Booth volunteered to cook.

The Trainer Banger event is scheduled for October 5. Paul Bail volunteered to coordinate with Larry Kempa helping.

Dan Thompson has installed a camera at the flying field and is being tested. The cost is \$20 per month and Dan is currently absorbing the cost. Dan will make a formal proposal in a month or two.

The meeting adjourned at 11:38 a.m.

**Next LMAC Club Meeting:**  
***Saturday, July 13, at 11:00 AM***  
**Meeting Location:**  
***LMAC Flying Field***  
***4200 Hedger Lane***  
***Lexington, KY***

## Blast from the Past

by David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the July 1950 issue of Model Airplane News for the OK .049 Cub engine kit and OK Glow Fuel. Yes, you built the engine and saved \$1.20. The fuel was not cheap. Based on inflation, the pint of fuel would cost you \$7.97 in 2019 dollars.

**Assemble it yourself...**  
**SAVE \$1.20**

**OK .049 CUB**  
**POWER KIT**

Contains all parts needed to build a complete .049 CUB plus accessories needed to power your plane.

**ONLY \$4.75**

- Precision-Made Parts — guaranteed to fit
- Easy to Assembly — ready to run in 15 min.
- Instructions Included — anyone can build it

**KIT CONTAINS**

.049 CUB .....	value \$4.95
Combination engine mount and fuel tank, neoprene tubing .....	.50
Spin starter .....	.25
Propeller .....	.25
<b>Total Value .....</b>	<b>\$5.95</b>
<b>Cost of Kit .....</b>	<b>4.75</b>
<b>You Save .....</b>	<b>\$1.20</b>

**Dynamite in every drop!**  
**"OK" GLOW FUEL**  
**75¢ pint**

A methanol base fuel, heavily fortified with nitrates and proper lubrication ingredients for . . .

- Easier Starting!
- Higher Speeds!
- Smoother Operation!
- Longer Engine Life!

hour to fly. That's pretty cheap flying at huge but sleek flying boat is powered by

## ***Free Magazines for the Taking!!***

### ***Author: Wynn Paul***

While I have been a member of LMAC since around 1965 or so, I do not participate any more in control line except occasionally to coach Kenny Stevens.

Soon I will have a book published titled "Stunt History - The Story of Model Aircraft Control Line Precision Aerobatics 1937 - 2014." This is a detailed history of control line "stunt" starting with the first flights in 1937, and concentrating on competition from the first time stunt was the the U.S. Nationals in 1946 to 2014. The book is a year by year compilation of the events as stunt airplanes evolved, engines, new building techniques, reviews of many airplanes that were both flown in competition and were featured in the magazines, and many "bios" of fliers.

The work will be a two volume set comprised of 960 pages with 1550 photographs.

As I have finished my research (starting in 1976 for the project) I have around 2,013 model airplane magazines that I would like to pass on to anyone interested. This includes Model Airplane News, Air Trails and its descendants (American Aircraft Modeler and then Model Aviation), and Flying Models from the early 1940s to the 2000s. All any interested person has to do is come by my house in Lexington and load up the magazines.

They are in binders or jackets by each year. Call me at 859-271-3394 for more information. They are FREE.

The actual count for magazines are:

Model Airplane News - 1940 - 1983 - 451 magazines.

Flying Models - 1948 - 2015 - 701 magazines

Air Trails (aka Amer. Modeler, AAM and Model Aviation) - 753 magazines.

## **ALL FREE !!**
