

The President's Thoughts

By Mickey Breunig, President

Well last month we decided to do a little something different. Since we didn't get to have a swap meet last fall some of you have been jonesing for a swap meet. Just so everyone could get their swap meet fix in it was decided to have a tailgate swap meet early this summer. That is this Saturday.

The weather should be nice so setting up in the parking lot is only allowed. No setting up in the pavilion or the carports. Those are reserved for flying only. No setting up until after 8 am. There is no charge for setting up in the parking lot. Anyone who is not a member is allowed to fly with a landing fee.

We will be having a meeting at 11 am and lunch following the meeting. There will be lots of flying the rest of the day.

I hope to see everyone there.

Michael Breunig

Next LMAC Club Meeting:
Saturday, June 5, 2021, at 11:00 AM
At LMAC Flying Field 4200 Hedger Lane,
Lexington KY

Visitors are Welcome !!

Blast from the Past

By David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the August 1942 issue of Model Airplane News for Austin-Craft's "Hi-O" gas tank for 50 cents and the 4-way spark plug wrench for 35 cents. The gas tank was a kit you had to solder together. The ad indicated that the tank could be assembled in 10 minutes. The ad also claimed that the 4-way wrench would not damage cylinder head fins or modeler's disposition. In the order form, at the bottom, you could also get the Austin-Craft catalog for 10 cents.

Austin-Craft

ACCESSORY GUIDE

NEW

"HI-O" ALL-METAL GAS TANK

A new metal tank kit for the "hot" fuels in vogue today. Contains 1 1/4 oz. tin tank, 2 tin mounts, snap-type, leakproof filler cap, copper intake tube. Can be assembled in 10 min. Austin-Craft again provides the newest in accessories for U-Control, gas models, boats, and cars. At dealers, **50¢** or direct

FINER

4-WAY SPARK PLUG WRENCH

This new Austin-Craft plug wrench removes ANY type plug without damage to cylinder head fins, or modeler's disposition. Combines several wrenches in one. Made of durable 1/16" by 7/8" steel with extruding hex openings, correctly sized. Yours for **35¢ only**

AUSTIN-CRAFT CO., 431 EAST VICTORY BOULEVARD, BURBANK, CALIFORNIA

Gentlemen:

☐ Hi-O Gas Tank 50¢ ☐ 4-Way Plug Wrench 35¢ ☐ Austin-Craft Catalog 10¢
