

The President's Thoughts
By Mickey Breunig, President

Over the past month I have heard from a few different members that the club is not being run the way that it should. It was told to me that many members feel this way, so I guess I should respond to all that feel this way.

The club is not run as it is described by the bylaws of the club. These bylaws are posted on the website for all to read in order to have an understanding of the makeup of the club and what goes into the decisions that are made. I do not dictate what the club does but instead decisions are made in the meetings that all members are not only welcome to attend but it has always been encouraged for all members to attend. Not only has it been encouraged but we have moved the meeting times to Saturday morning when many of our members fly in order to make it more convenient for everyone to attend. We do not take any decision lightly and try to evaluate every aspect of the problem. Discussions of problems and solutions are encouraged at the meetings, plans for the year are made, and yes decisions are made.

With all that goes on at the meetings the attendees get to know each other, get to know each other viewpoints, and most of all we realize that we all care enough about the club to want to make it better and don't mind attending the meetings in order to do so. Those that attend the meetings learn to respect each other viewpoints even if we don't agree with them.

Why it is that some do not attend our meetings I can only surmise that if they show up at a meeting that they may be asked to volunteer for something. We do ask for volunteers for different things and I have heard responses that they are too old to come to a workday. I have seen the oldest members of the club come to workdays. There is always something for even the eldest of the members, even if it is taking a bottle of water to the people that are out in the sun and enduring physical labor.

Some have said that the dues should be much higher for the use of the facilities that we have. I have noticed that those people are also the people that don't show up for the meetings or workdays. Let me say, if you feel this way, you may want to consider going ahead adding a donation on to your dues payment like several of the members already do. It is not that uncommon for the people that actually care about the club.

If you have any suggestions for the club and for some reason you can't make it to the meeting, my email address is on the website, and I will post it below and you are welcome to send your concerns to me by email. I will be more than happy to bring up the issues at the meeting and you can see the results of the discussion in the minutes.

We are having a workday this Saturday before the meeting to address the cracks in the runway. I hope you all can attend.

Hope to see you there,

Michael Breunig

M. Work Day at Field will be June 17 along with June Meeting.

N. Trainer Banger Fly In TBA

O. Motion made to adjourn

P. Seconded by Gayle M

Q. Meeting Adjourned at 12:00pm

Blast from the Past

By David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the June 1975 issue of Radio-Controlled Modeler for the "Hardwoody" Sport Flyer from Bauer Model Aircraft. For those of us that need a bit stronger airplane. Built with no Balsa, but with 5-Ply Plywood, Birch, Spruce, and Fir.

HARDWOODY FOR THE SPORT FLYER
ALL WOOD -- NO Balsa

Flys Beautifully - Very Strong
Will Withstand Incredible Abuse

\$ 26.95

.15 or .19 Engine 1,2 or 3 Channel
48in Wing Span 360²in Area
2.5 to 3.5 lb Flying Weight
16 to 23oz/ft² W/Loading

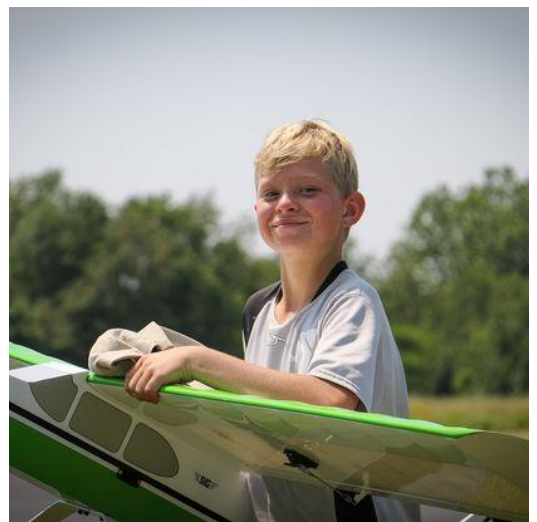

Built Up Style Construction
Precision Machined Parts
Quality 5-Ply Plywood
Select Birch, Spruce & Fir
Special Hardware
Complete Instructions
Full Size Plans

See your dealer or order direct. Send check or money order for postpaid delivery. Michigan residents please add \$1.08 sales tax. Sorry no C.O.D. Dealer and distributor inquiries invited.

BAUER MODEL AIRCRAFT
1035 WILLOW LANE, HOWELL, MICHIGAN 48843

Congratulations to Connor Newberry!! Solo News

Congratulations to Connor Newberry on his successful solo. Connor has been working hard with Jeff on getting to solo his airplane. For those that haven't meet Connor, he is Jim Newberry's grandson. So, if you see Connor at the field be sure to congratulate him on this great news! Thanks to Jeff Cummings for all the time he puts into the training program. This is a very valuable program and helps folks get so much further in our hobby that is challenging at moments.

Saturday, June 17 Work Day @ LMAC Flying Facility.

Please come out this Saturday, June 17 for the Workday at the field. We will be gathering about 8:30am. The main project is to fill the cracks in the main runway. We need everyone to come out and help fill these cracks up. Obviously, the runway will be closed during this repair time. There will not be any flying during this time. So, the more people we have helping the quicker we can get back to flying. We will break for the club meeting at 11:00am and lunch will be served after the meeting.

Next LMAC Club Meeting:
Saturday, June 17, at 11:00 AM
Meeting Location:
LMAC Flying Facility
4200 Hedger Lane
Lexington, KY
