

The President's Thoughts
By Mickey Breunig, President

It's that time of year we start planning all the events for the year and need some volunteers to step up and help with the events. Help is needed for everything from making sure the gate is open in the morning, to watching and being sure all flyers are flying in a responsible courteous manner. We have a group of members that typically do all of these things, but more members are needed to step up and do more. I hope you all can look at yourselves and ask, what can I do to help.

With the upcoming nice weather each of us will have the urge to get out to the field and get a few flights in. It is important to get your membership paid and up to date so George can get the new combination and stickers out to you. This is very time consuming and would help if everyone gets their dues in as soon as possible. The dues can be paid at the upcoming meeting.

Our next meeting is Saturday at Bud's Gun shop. The meeting will be at 11:00 am and last about an hour.

I hope to see you there.

Blast from the Past

By David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the August 1930 issue of Junior Mechanic and Model Airplane News for the Meteor from Kahn Aircraft Company. It flies 3,000 feet and does aerobatics all for \$2.50 assembled. You do not have to send money, just pay the postman upon delivery.
