

The President's Corner

by Mickey Breunig, President -LMAC

For those that showed up to the Fall Trainer Banger, it was a fun day. The wind blew and made it that much more fun. I have to thank Gayle Moore for bringing some vegetable soup and Carroll Ware for bringing some chili, both were very good. The wind made the day entertaining and the food made the day enjoyable.

The annual swap meet is Saturday. Be sure to come and check out the deals and get something new to fly for next year.

We will need help before the swap meet setting up the tables. Set up will begin at 7 am. Those that help set up will also have the opportunity to see the merchandise as it comes in the door and therefore have the first opportunity to purchase.

Minutes of September 8, 2018 Meeting

by Jim Newberry, Secretary

The monthly meeting of the Lexington Model Airplane Club (LMAC) was called to order on October 11, 2018 by club president Mickey Breunig at 7:05pm.

A motion was made by Mickey Breunig to approve the minutes of the September 8, 2018 meeting minutes posted in the monthly newsletter. Seconded by Carroll Ware and approved by vote of members present.

Mickey Breunig made a motion to approve the treasurers report as reported in the newsletter, was seconded by Paul Bail and approved by vote of the members present. Dave Price reported that we are currently training two students and that he could use more batteries for the club trainer.

Curtis Adams reported that we had another successful Classic Flyin. Curtis Cox donated an amplifier to the club.

Trainer banger event is set for October 20. Paul Bail is coordinating the event. There will be two classes, novice and advanced. Novice class will fly high wing trainer aircraft. Advanced class can fly any scale airplane model. Start time for the Trainer Banger is 11am.

Trash at the airfield was discussed. There are to be no trash cans used at the field and everyone using the flying field is responsible to take all trash with them when leaving the field.

Election of officers will be held at the November meeting. Dave Price said he does not want to continue as Training Coordinator.

The annual swap meet is scheduled for November 10 at the bingo hall in Eastland Shopping Center. Setup begins at 7am. Tear down will start at 1pm. Club members are encouraged to help with setup and teardown.

The next club meeting is at 7pm, Thursday November 8 at Morning Pointe Senior Center.

Mickey Breunig made a motion to adjourn the meeting at 7:45pm, seconded by Curtis Adams and approved by a vote of the members present.

Next LMAC Club Meeting:
Thursday, November 8, at 7:00 PM

Meeting Location:
Morning Pointe Senior Center
150 Richmond Road
Lexington, KY

Visitors are Welcome !!

Blast from the Past

by David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some, it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the April 1948 issue of Model Airplane News for the Stanzel Bee-Line Jets. Not an RC or CL, more of a tethered aircraft. More information on Stanzel company can be found at: <http://www.stanzelmuseum.org/history.html>

According to the web site:

1948 The Stanzel company introduces the "Bee Line" series of model jet airplanes which are flown along a 100- to 400-foot long steel wire and propelled by CO2 gas cartridges.

According to:

<http://www.airplanesandrockets.com/magazines/american-modeler/stanzels-schulenburg-american-modeler-january-1961.htm>

Branching out into another sort of model in 1947 the Stanzel firm, unveiled several flown via what they called "Bee-Line." These miniatures had fuselages just large enough to hold a standard CO2 cartridge; they were "flown" on a fine steel wire strung tight between two supports. At first a 400' length of music wire was supplied with these kits, but customers got all tangled trying to unroll this wire, which was .012 dia., so the length was cut to 100'. Since the models traveled along the wire at speeds well over 100 mph it was standard practice to put some soft pillows at the far end to bring them safely to a stop. These models were in production until 1950.

Swap Meet Coming in November

by Joe Woods

The LMAC Swap Meet is coming up on Saturday, November 10, 2018. It will again be in the Jackpot Bingo Hall in the lower level of the Eastland Shopping Center. Last year, we had a very good meet with a record number of tables rented. Some of our members were able to buy some "must have" items at very good prices. We will have several club tables. Al Belt's son has donated his dad's collection of planes and equipment. There are some other items that have been donated. If you have items that you would like to add to the donated equipment, please bring that stuff to the club table the morning of the Swap Meet. Lester Ware will be managing the club tables. Donations are one of our best source of proceeds. Lester and Carroll have collected the club items, so you could get your donations to them ahead of the Swap Meet.

We do the table setup at 7:00 AM on Saturday, November 10. Please come out and help with the setup. If you are part of the setup team, you will get in free and be ready to spot the best items. There will be hot breakfast items starting at about 8:00 AM.

Please join your LMAC members to re-set the tables at 1:00 PM. The club officers are usually the core group that re-sets the tables. Come out and give them a hand.

Your attendance is a major factor in the success of the Swap Meet.

Joe Woods, LMAC Swap Meet Chairman.

Cartoon Corner

Trainer Banger Fly In Summary

by Paul Bail

There were no Flyers in the Novice class.

There were 4 flyers in the advanced class; they flew 3 rounds each and unofficial results as follows:

1. Lafe Kunkel
2. Bijan Salehi
3. Carroll Ware
4. Mickey Breunig

We ate some really good chili, soup, and cookies. The high winds made it really interesting. A good time was had by all.

Many thanks to Gayle Moore, Buddy Hale, and Sylvester Hale for judging.

Thanks to Coyote Hobbies for their support to
the Lexington Model Airplane Club
