

The President's Corner

by Mickey Breunig, President -LMAC

It was nice seeing everyone at the swap meet. There is always something to be found no matter who you are. I went looking for absolutely nothing and still ended up finding a few things I couldn't leave without. This is one of the best swap meets in the area.

Joe Woods does a nice job organizing the swap meet as well as getting all of the help to make it happen. Lester Ware takes care of the LMAC club table with the donations and sales. Everyones help with setting up for the swap meet and helping restore the tables for bingo is greatly appreciated. All of the efforts make the swap meet a success each year.

Our next meeting is Thursday at 7pm at the Morning Point Senior Center. I hope to see everyone there.

Trainer Banger 2019 Results

There were 7-8 pilots that competed in this years Trainer Banger Competition.
The event was on October 5 and weather was great and everyone seemed to enjoy.

Dan Thompson won Novice Group

Bijan Salehi won Advance Group

Minutes of October 10, 2019 Meeting

By Volunteer Thompson

Meeting was called to order at 19:06 by President Breunig.

September minutes were approved by President Breunig making the motion and a second by Senior Advisor Moore. Motion carried by vote of the attendees.

Treasurers report was missing and not voted on.

Old Business;

A preliminary report of the Fall Classic indicated a successful meet.

The Trainer Banger was discussed and a move to June may be an option. The attendance was low, probably due to a couple of other fly ins in the vicinity.

Several other flying club functions were discussed.

Dan Thompson reported that the club income from the Vintage fly in was \$300.

New Business;

Senior Advisor Moore said it would be nice to have running water at the field.

Flag pole; Gary Hyde volunteered to straighten.

Swap Meet; Joe Woods had reported that table rental was a little ahead of last year.

Since Coyote Hobbies has closed, the annual meet to pay dues could not be there again. Discussion was had and the Aviation Museum may be a possibility.

Discussion was had regarding a future Mall type of show.

Due to the lack of LMAC officer positions being nominated, the meeting was not closed and will continue next month.

Plane of the month was won by Lee Wright with his, personable built, stick and plastic covering

(used to be tissue) Robin Hood 80 that was sporting a Saito 170 three cylinder radial engine.

2019 Swap Meet Report

by Joe Woods

First, I want to thank everyone who helped with this year's Swap Meet. We had a great turnout for the table setup at 7:00 AM and a better than normal turnout to reset the tables at around 1:00 PM. The Club Officers were there in force for the reset and probably 5 more club members where part of the crew. The buyer's table was managed by Mike Higgins, Mike Lambert, and Lee Wright. Bill Althaus had the table behind the Buyer's table and gave the group "guidance" and relief so that they could get around to check the bargains. Again, Lester Ware ran the LMAC tables to sell the donated items. Carroll Ware arranged a deal to help a couple who were liquidating a number of good pieces from a family member's passing. That helped the club table by about \$290.

We sold all of the 70 tables plus 4 tables of floor space and 6 of the 8 smaller computer tables for a total of 80. Last year we sold 79 tables and spaces. Donations were down \$190 from last year's record; but were \$446 above the 10 year average. So, the club tables produced a very nice amount of the total profit. Again, we see the importance of the donations by our members. I saw a number of members bringing items to the club table. Buyer's fees were up by \$41 and the number of buyers was up 15%. The raffle item produced a pure profit of \$181 because the Futaba transmitter/receiver was donated by one of the Fall Classic raffle winners. Thanks to Curtis Adams for that arrangement. The raffle profit was up \$39 over last year. The expenses were the same as last year. The overall contribution to the club was \$1485; which is second highest over the last 10 years.

I had a number of participants complement us on the quality of our Swap Meet and say that they will be back. We again did the Door Prize giveaway and that was fun. Hopefully, the Door Prize activity holds a few people a little longer. We had a number of seller's come in from Tennessee and a few from Ohio. I send notices to all of the clubs in Kentucky and in the surrounding states. In all, e-mail notices were sent to 331 clubs. Those notices help; but I think the primary advertising is through the AMA's Model Aviation magazine.

I welcome any suggestions as to how we could have a better Swap Meet. Any ideas on how to get more buyers to attend would be helpful. Hopefully, our members enjoyed the opportunity to interact with both our members and out of town swappers, and possibly pickup some bargains. The Swap Meet continues to generate about \$1500 for the club.

2019 Swap Meet Pictures by Joe Woods

Blast from the Past

by David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

This time I went a little more modern. Here is an advertisement from the February 1975 issue of RCM for the Robart Super Stand. We all have one or several of these foam stands. Not much to say – they are great stands. The second picture shows one of my stands in action.

Plane of the Month

Congratulations to Lee Wright who won the *Plane of the Month* award with his Robin Hood 80

Thank You to Coyote Hobbies

On behalf of Lexington Model Airplane Club, I would like to THANK Brian Alderman of Coyote Hobbies for all the years of support. Brian has always supported LMAC in many ways from donating items to our events for giveaways to Sponsoring the Model of the Month with a Gift Certificate. For those that haven't heard Coyote Hobbies has closed and will be missed. Thanks again Brian and hope to see ya at the field!

Next LMAC Club Meeting:
Thursday, November 14, at 7:00 PM
Meeting Location:
Morning Pointe Senior Center
150 Shoreside Drive
Lexington, KY

Visitors are Welcome !!
