

## ***The President's Corner***

*by Mickey Breunig, President -LMAC*

The first half of the flying season was a little windy and wet, but the second half of the season has been great for flying. I took advantage of some of the nice weather and went to a fly-in held at AMA Headquarters in Muncie Indiana.

I am amazed each time I am at this fly-in not only by the amount of large airplanes that are there, but also by the amount of room there is to fly. I believe there were somewhere around 100 pilots at the fly-in with at least that many different planes. There were typically at least 5 planes in the air most of the time with 15 in the air for the dawn patrol flight. It is a very interesting fly-in to go to even if you only wish to spectate. We will be having our own giant scale fly-in coming up next week.

The Fall Classic will be September 19-21. I am sure we will start having guests arrive on Tuesday or Wednesday and some will be staying thru the weekend. There will be plenty of flying and planes to see. This will be the last big weekend of the year for us and there is open flying for any size airplanes on Thursday and Sunday, Friday and Saturday are for giant scale only. Terry will be cooking a delicious dinner for Saturday night and is very reasonably priced at \$12. So, be sure to get a Dinner ticket sometime Saturday.

The meeting will be at 11 am at LMAC Field. We will be having lunch immediately following the meeting. I hope to see everyone there.

## ***Minutes of August 10, 2019 Meeting***

***By Jim Newberry, Secretary***

The monthly meeting of the Lexington Model Airplane Club (LMAC) was called to order on August 10, 2019 by club president Mickey Breunig at 11:10 a.m.

The minutes of the July meeting were approved with Mickey Breunig making the motion to approve and Jim Newberry seconding.

The treasurer's report was approved with Mickey Breunig making the motion to approve and Curtis Adams seconding.

Three people are being trained by Jeff Cummings. Two trainer planes were donated by Martin Weinstock.

The siding of the pavilion still needs fixed and Gary Hyde volunteered to do the repair.

Dan Thompson reported that there are over 35 people using the camera system at the field.

Mickey Breunig reminded the members that wearing your badge at the field is required if you are flying.

The Fall Classic Fly-In is scheduled for September 19<sup>th</sup> through the 21<sup>st</sup>. Unlike last year the fly-in will only be a three day event. Guests and club members are more than welcome to fly on Sunday, September 22 but the safety fence will be taken down Saturday evening. Open flying will be permitted on Thursday, September 19. Size restrictions will be in place Friday and Saturday with monoplanes of 80" or more and biplanes of 60" or more. George Kissick volunteered to bring BBQ and Terry Booth volunteered to bring hotdogs for the lunches on Friday and Saturday. The safety fence will be put up on Wednesday September 18 at 11am. Members are welcome to come and help.

Motion to adjourn was made by Mickey Bruenig at 11:50am, seconded by Gale Moore and approved by vote of members present.

### **Next LMAC Club Meeting:**

***Saturday, September 14, at 11:00 AM***

#### **Meeting Location:**

***LMAC Flying Field***

***4200 Hedger Lane***

***Lexington, KY***

***Visitors are Welcome !!***

## Blast from the Past

by David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the September 1966 issue of RCM for the Kraft Radio. Kraft systems were always top of the line. They were not cheap at \$419.95 for the 4-channel and \$469.95 for the 6-channel. It is interesting to note that the single stick radio cost the same as the two stick version.

### NEW! From KRAFT.....

*SMALLEST, LIGHTEST PROPORTIONAL SYSTEMS AVAILABLE*

A smaller, lighter version of the world famous KP-6.

- KP4-B — \$419.95
- KP6-B — \$469.95

An entirely new concept in single stick transmitters.

- KP4-S — \$419.95
- KP6-S — \$469.95

BOTH SYSTEMS INCORPORATE OUR NEW COMPACT, SINGLE-DECK RECEIVER, 2½" x 2½" x 1". COMPLETE 4 CHANNEL FLYING WEIGHT 18 OZ.

*Kraft Systems, Inc.*

2519 Lee Avenue • South El Monte, Calif.

All Kraft Custom Radio Control products are available through your local Kraft Franchised Dealer. If unavailable, you may order direct from the factory. Be sure to include check or money order for items ordered. If you prefer, you may send a 50% deposit, balance C.O.D. Calif. residents add 4% sales tax.

## Plane of the Month

Congratulations to Gayle Moore who won the ***Plane of the Month*** award with his World Models Giant Stearman.

### SPECS

**World Models 30% PT-17 Stearman**

**Wingspan: 116 inches**

**Length: 88 inches**

**Approx. Weight: 36 pounds**

**DA 100 Engine**

**28x10 Propeller**

**9 Futaba Servos**

## For Sale Hanger

### **ESM FW-190 Dora 9.**

I'm selling the airframe, all attached servos, Wolverine power switch, Sierra air retracts and retract lines/switch/tank. The plane crashed on its' maiden flight and was damaged. Some control surfaces were damaged which were repaired. The nose was cracked (see photos). Anyone interested in buying this plane should take a long hard look at the inside of the nose where the damage is. The inside of the nose was epoxied but ... more reinforcement is needed. Especially if you intend to mount a gas engine. \$700 for airframe and Sierra retracts ... motor not included.

If you do not want the Sierra retracts I can remove the Sierra retracts from the wing and you can have the airframe (and everything attached to it) for \$350.

An extra rudder, canopy, paint are included.

The spinner and prop in the photos are also included.

Contact Paul Bail at 682-300-9837 or pbailjr@yahoo.com.

## For Sale Hanger

5x10 2015 BTM (Bluegrass Trailer Manufacturing) utility trailer. Bought in Bowling Green KY, then towed to Georgetown, KY. Trailer has low miles and was only used locally. Trailer comes with a brand new unused spare. Also comes with a hand cart for moving it without a vehicle. Has a ramp that folds down for easy loading/unloading, and has a door on the side. It's 6' tall inside. Has small red marker lights on the exterior. Price \$1850.
