

## *The President's Thoughts*

*By Mickey Breunig, President*

It's the time of year where the temperatures are comfortable, and the winds are reasonable. It's also the time that we can fly as long as our busy schedules allow and a lot of us look forward too. When there is a fly-in almost every weekend for a month. It is busy but it sure is fun. One of those fly-ins is the Fall Classic.

It certainly is good to see several people volunteering to help with the Fall Classic. There will be plenty to do to get ready for the event. I am sure Curtis will let us know what needs to be done. There will also be plenty of last-minute things that just pops up that will need to be done also. There always is something that needs to be corrected or has been forgotten. So, if someone out of the blue asked if you could help with something please help out. I hope everyone realizes that we all need to willing pitch in to make it a fun weekend.

The meeting is Saturday, and I am sure we will have some planning to do to get ready for the Fall Classic. We will do our best to keep the meeting short and leave plenty of time for flying. I am sure we will have some sort of food after the meeting. We have had burgers quite a few times this summer so we'll see if we can't change it up a bit.

Hope to see you at the meeting.

- f) Gary Hyde, Dan Thompson, Sylvester Hale, Terry Booth, Jim Newberry, Larry Kemp, Chris Reed, Mickey Breuning, Curtis Adams, Jeff Cummings, Jessie Harris, Paul Bail, Mark Clifton, Rick Melder, Lester & Carroll Ware.
- g) Curtis Adams made motion to donate money to Clark Co. Barnstormers for repairs to their field of \$700 dollars. Motion by Sylvester, 2<sup>nd</sup> by Jeff C. Approved by club members present.

#### IX. Meeting Adjourned

- a) Meeting Mickey called for the meeting to close
  - b) 2<sup>nd</sup> by Curtis Adams. Voted and approved by the members present
- Time: 12:00 p.m.

# Blast from the Past

By David J. Price

This series of articles will present advertisements from vintage modeling magazines. The intent is to illustrate technological advances that have taken place in our hobby. For some it will bring back memories, for newcomers it will present a piece of history of radio control model aviation.

Here is an advertisement from the August 1954 issue of Model Airplane News for the single channel Babcock radio. It is a one-channel “clicker” radio. At \$72.85 for the TX and RX only, the radio was pretty expensive. Based on inflation, today the radio would cost \$739.34. Not sure how “crash-proof” the receiver was with the 4 glass tubes.

## SINGLE CHANNEL R/C

FOR MODELS WITH 16 OUNCE LOAD - CARRYING CAPACITY.

Simplest, easy to operate system for modelers with knowledge of model plane and boat operation. Reliable, very sensitive, virtually crash-proof receiver —Hand held transmitter, push-button control.

**BCR-3 Receiver with tubes, relay, connector . . . . \$29.95**

**BCT-2 Transmitter complete less batteries . . 39.95**

**BCR-3 Installation kit 2.95**

**ALSO BABCOCK-BONNER SERVOS**

**BUY BABCOCK!**

From your local Dealer  
Ask for Catalog  
OR WRITE DIRECT

**Radio Authorities and Users Agree  
Babcock Radio Control Equipment is  
Most Reliable, Easiest to Handle.  
You get More for Your Money, too!**

## *Swap Meet Change of Venue.*

Due to the Bingo Hall moving this year to a new location. Their new location is not suitable for us conduct our swap meet. So we are moving our annual swap meet to West Jessamine High School. The date is November 13, 2021. Please plan on attending and helping with the set up before and after the swap meet. There will be tables to set up for all the items that folks bring to sell.

## *Additional Cameras added at the LMAC Flying Facility.*

There have been two new cameras installed at LMAC. If you would like access to these cameras, send an email to Dan Thompson at [wb4guk@aol.com](mailto:wb4guk@aol.com).

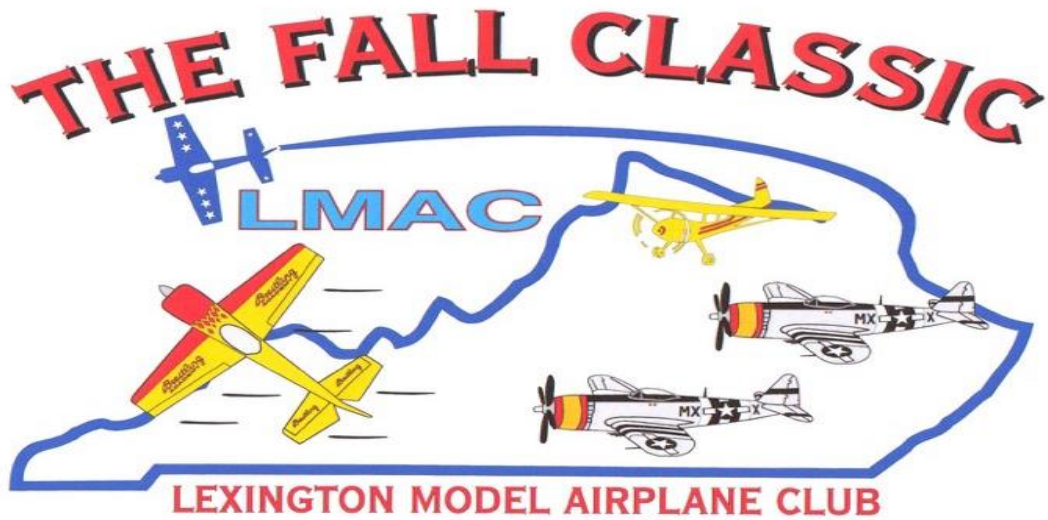

In the subject line put "LMAC new cameras"

Also give me your full name and AMA number.

These cameras are for LMAC members only.

Dan Thompson

*"Where Friendship and Flying  
are Equally Enjoyed"*

The dates are September 16 - 18, 2021

Location - The Lexington Model Airplane Club Field, 4200 Hedger Lane, Lexington KY. Via I-64 take exit 87 and follow the signs. You can travel interstate highways to within a couple miles of our field.

If you would like to come to a laid back fly-in without too many rules, the Kentucky Fall Classic may be your event. We offer hospitality and fun. One of the best home cooked dinners you will ever get at a fly-in or restaurant. We have lots of hotels, restaurants and other entertainment all within a few minutes of our field.

This is technically a Giant Scale Event but we will allow open flying on Thursday and Sunday. Giant scale specs apply on non-open flying days with some exceptions. Mono plane = 80 inch or larger wingspan, Bi-plane = 60 inch or greater wingspan. Warbirds with 70 inch wingspan or greater. Any size turbine jets.

Landing fee is by donation. Camper hookup is \$10 per night.

We hope to have some fun things planned for the open flying days. Hint - Bring your electric planes and practice your spot landings.

A Saturday night dinner for pilots and their guests will be available. Tickets will be \$12.00 per plate.

The field features a 650 foot paved runway and a parallel grass runway. The flying area is open and unrestricted. Onsite camping is permitted. We have 8 - 30 amp hookups. They are first come first served reservations will not be accepted.

Contact - Curtis Adams, 859-421-0421, cadams5420@gmail.com
